Gen Z	1996	2010	11	25
Gen Alpha	2011	2025	1	10

# Understand Generations

## Gen Z

**Birth Years:** 1996 to 2012/15

**Current Age:** 6 to 24

**Size:** 68 million

**Media Consumption:** The average Gen Zer received their first mobile phone at age 10.3 years. Many of them grew up playing with their parents' mobile phones or tablets. They have grown up in a hyper-connected world and the smartphone is their preferred method of communication. On average, they spend 3 hours a day on their mobile device.

**Shaping Events:** Smartphones, social media, never knowing a country not at war, and seeing the financial struggles of their parents (Gen X).

**Finances:** Similar to Gen X (their parents) in financial attitudes, but wanting to avoid debt after seeing Millennials struggle.

I can't believe that until now after about 3 years of being friends with them, they're the only ones who had stayed. The same ones who I had spent a long time not talking to, yet they're still here for me. Why haven't I noticed sooner? Now I'm scared to lose them more than ever.

The screenshot shows a typical Omegle chat session. On the left, there's a small video thumbnail of a young girl with dark hair and a hoodie, with the Omegle logo overlaid. On the right, there's a larger video thumbnail of another user, a young woman with glasses and a grey hoodie, smiling. The main text area shows a conversation:

You're now chatting with a random stranger. Say hi!  
You both like japan, asian, korea, and kpop.

**Stranger:** hey  
**You:** Hii  
**Stranger:** you're cute  
**You:** how've you been?  
**You:** it's christal  
**Stranger:** can you show me your tummy?  
**Stranger:** please?

At the bottom, there are input fields with "Really?" and "Send" buttons, and a "Mouseover for options" link.
